Subject: Request for postponement of Scheduled Agenda Item 9: Study Session on the Bonny Doon Limestone Quarry Boundary Expansion Project and Reclamation Plan Amendment Environmental Impact Report

SCz Co. Planning Commission

Ms Freeman -

The Bonny Doon Limestone Quarry Boundary Expansion Project and Reclamation Plan Amendment Environmental Impact Report

has a 'Study Session' agendized before the SCz Co. Planning Commission for next Wednesday, August 26. Unfortunately, many of those most effected by the proposed Cement Plant quarry expansion have clearly been distraction by the Lockheed fire. This distraction has made it difficult to adequately review the quarry expansion's EIR in a timely manner. I would like to request the Planning Commission to postpone Scheduled Item 9, **Study Session on the Bonny Doon Limestone Quarry Boundary Expansion Project and Reclamation Plan Amendment Environmental Impact Report**, for at least one Planning Commission meeting to give the residents of Davenport and Boony Doon an opportunity to revisit this important issue.

Respectfully
David Kossack
