**Subject: Bonny Doon Limestone Quarry Boundary Expansion Project and Reclamation Plan Amendment Study Session**

Members of the Commission:

This second study session item is intended to provide some additional background on the Bonny Doon Limestone Quarry Boundary Expansion Project and Reclamation Plan Amendment that your Commission will review at your next hearing on September 23<sup>rd</sup>. The purpose is to frame the various issues that are addressed in the EIR, and to follow up on the issues that were raised at the first study session on August 26<sup>th</sup>. Staff will present a short slideshow, and then will discuss the project with the Commission and answer any questions that arise.

This is not a public hearing and has not been noticed as such. No action of the Commission will occur at this meeting. Neighbors of the site will be noticed by mail prior to the public hearing on this item, which is scheduled for September 23<sup>rd</sup>.

Sincerely,

David Carlson
