Application Number: **251526**

---

**Applicant:** O' Neal Vacation Rentals

**Agenda Date:** April 17, 2026

**Owner:** Dave Atkin

**Agenda Item #:**

**APN:** 068-081-47

**Time:** After 9:00 a.m.

**Site Address:** 300 Endlich Drive Scotts Valley, CA 95060

### Project Description:

Proposal to establish a new four-bedroom vacation rental for the purpose of overnight lodging for a period of not more than 30 days at a time. Requires a Vacation Rental Permit.

**Location:** Property is located approximately 1000 feet southeast from where Endlich Drive intersects with Redwood Drive (300 Endlich Drive Scotts Valley, CA 95060).

**Permits Required:** Vacation Rental Permit

**Supervisory District:** First District (District Supervisor: Manu Koenig)

### Staff Recommendation:

- Determine that the proposal is exempt from further Environmental Review under the California Environmental Quality Act.
- Approval of Application 251526, based on the attached findings and conditions.

### Analysis

The subject property is developed with an existing 3,228 square foot four-bedroom single-family residence constructed in 1997, pursuant to Permit No. 94005. The residence is located on Endlich Road, a gated community containing approximately eight other residences in the Carbonera planning area in the Santa Cruz mountains. The property is located approximately 1000 feet southeast from where Endlich Drive intersects with Redwood Drive (300 Endlich Drive Scotts Valley, CA 95060).

At the time of construction, a room labelled "office" was built on top of the detached 500 square foot garage which was later converted to a habitable art studio pursuant to Permit No. 96-0412. While habitable space is allowed, per 13.10.611-1, to be used by the guests renting the property for sleeping purposes, no portion of this area shall be advertised as a "bedroom" nor shall online advertisements contain photographs of this area being used as a bedroom or containing beds associated with the proposed vacation rental. Furthermore, in order to maintain consistency with SCCC 13.10.694(B) and the conditions of approval for 96-0412, the art studio shall not be leased individually to any tenant for either long-term or short-term rental purposes.

---

With the exception of an 866 square foot pool and spa with a six-foot high pool barrier fence permitted in 2006, the residence itself maintains its original four-bedroom configuration and since the original construction, the existing dwelling has not been substantially modified with the exception of regular maintenance and repair.

A Vacation Rental Permit to establish a new four-bedroom vacation rental is required because a permit is required for all vacation rentals per 13.10.694 (D).

The provided parking will meet the requirements of SCCC 13.10.694(D)(2)(c)(iv) B. Pursuant to this Code Section, parking for vacation rentals is limited to the number of on-site parking spaces. A minimum of two on-site spaces is required for rentals containing three or more bedrooms. Guests are also allowed to park one additional off-site vehicle in the vicinity of the vacation rental but shall not have any exclusive or assigned use of any available street parking. The subject dwelling is comprised of four bedrooms; therefore, two on-site parking spaces are required. Two parking spaces are available on-site, meeting the parking requirements of SCCC 13.10.694(D)(2).

### **Zoning & General Plan Consistency**

The subject property is an approximately 3.54 acre lot, located in the RA (Residential-Agricultural) zone district, a designation which allows residential uses. The existing single-family residence is a principal permitted use within the zone district and the zoning is consistent with the site's R-MT (Mountain Residential) General Plan designation. The property is not located within any Designated Area, in which a total number of vacation rental permits may be issued.

Vacation rentals within residential structures are permitted within the RA zone district, and the operation of the vacation rental is required to comply with all requirements of the vacation rental ordinance. Vacation rental permits are subject to renewal pursuant to County Code Section 13.10.695 (D) 3. Vacation rental permits expire the same month and day five years subsequent to the effective date of the Vacation Rental/Renewal Permit, as conditioned.

#### *Emergency Contact*

O' Neal Vacation Rentals has been designated as the 24-hour contact for the vacation rental. O' Neal Vacation Rentals is located at 1100 Water Street Suite 2C, Santa Cruz, CA 95062, within the required 30-mile response radius from the proposed vacation rental property. The emergency contact is responsible for responding to tenant and neighborhood questions or concerns. Failure to respond within 60 minutes of being contacted, as verified by County Code Enforcement staff or the County Sheriff, shall constitute a significant violation and may lead to revocation of the permit in accordance with SCCC § 18.10.136.

### **Conclusion**

As proposed and conditioned, the project is consistent with all applicable codes and policies of the Zoning Ordinance and General Plan/LCP. Please see Exhibit "B" ("Findings") for a complete listing of findings and evidence related to the above discussion.

## **Staff Recommendation**

- Determine that the proposal is exempt from further Environmental Review under the California Environmental Quality Act.
- **APPROVAL** of Application Number **251526**, based on the attached findings and conditions.

**EXHIBIT A**

## Discretionary Permit Findings

- (a) Health and Safety. The proposed location of the project and the conditions under which it would be developed, operated, or maintained will not be detrimental to the health, safety, or welfare of persons residing or working in the neighborhood or the general public, and will not be materially injurious to properties or improvements in the vicinity.

This finding can be made; in that the proposed residential vacation rental is located in an existing residential structure in an area designated for residential uses and is not encumbered by physical constraints to development. The residential vacation rental will comply with health and safety standards established for vacation rental units, including smoke and carbon monoxide alarms, working ground fault circuit interrupters, emergency egress in all sleeping rooms, a pool safety barrier, and handrails along stairs and walking surfaces above 30 inches in height to ensure the optimum in safety. In addition, the vacation rental standards address noise, occupancy, and parking to ensure that there are no detrimental effects of the vacation rental.

- (b) Zoning Conformance. The proposed location of the project and the conditions under which it would be developed, operated, or maintained will be in substantial conformance with the intent and requirements of all pertinent County ordinances and the purpose of the zone district in which the site is located.

This finding can be made, in that the location of the proposed vacation rental and the conditions under which it would be operated or maintained will be consistent with all pertinent County ordinances, including the vacation rental ordinance, and the purpose of the RA (Rural Agricultural) zone district as the primary use of the property will be a residential vacation rental dwelling that meets all requirements of the vacation rental ordinance.

- (c) General Plan Conformance. The proposed project is in substantial conformance with the intent, goals, objectives, and policies of all elements of the County General Plan and any specific plan which has been adopted for the area.

This finding can be made, in that the proposed residential vacation rental use is consistent with the use and density requirements specified for the R-MT (Mountain Residential) land use designation in the County General Plan as it is a residential use in an existing residential structure and the vacation rental ordinance implements the standards contained in the Noise Element of the General Plan.

A specific plan has not been adopted for this portion of the County.

- (d) CEQA Conformance. The proposed project complies with the requirements of the California Environmental Quality Act (CEQA) and any significant adverse impacts on the natural environment will be mitigated pursuant to CEQA.

This finding can be made, in that the project has been determined to be exempt from further review under the California Environmental Quality Act, as indicated in the Notice of Exemption for this project.

- (e) Utilities and Traffic Impacts. The proposed use will not overload utilities, result in inefficient or wasteful use of energy, or generate more than the acceptable level of traffic on the streets in the vicinity.

This finding can be made, in that the proposed residential vacation rental is to be located within an existing single family residential structure. The expected level of traffic generated by the proposed vacation rental is commensurate to any other residential use of the dwelling because the short term rental occupancy of a residence does not change the type of use within the dwelling and, further, guest celebrations that result in temporary increased traffic can occur with both non-vacation rental residential use and vacation rental use. The project will not overload utilities or otherwise result in an inefficient or wasteful use of energy.

- (f) Neighborhood Compatibility. The proposed use will be compatible with the existing and proposed land uses, land use intensities, and dwelling unit densities of the neighborhood, as designated by the General Plan and Local Coastal Program and implementing ordinances.

This finding can be made, in that the short-term vacation rental is proposed to be located within an existing residential dwelling located within a residential neighborhood, consistent with the land use intensity and density of residential neighborhoods. Both non-vacation residential uses and vacation rental uses can include celebrations that result in temporary increase in vehicles and building occupancy.

- (g) Local Coastal Program Consistency. For proposed projects located within the coastal zone, the proposed project is consistent with the provisions of the certified Local Coastal Program.

This finding is not required, in that the project site is not located within the coastal zone.

This finding can be made, in that the short-term vacation rental of an existing residential dwelling is consistent with the provisions of the certified Local Coastal Program.

## **Site Development Permit Findings**

- (a) Siting and Neighborhood Context. The proposed development is designed and located on the site so that it will complement and harmonize with the physical design aspects of existing and proposed development in the neighborhood, as designated by the General Plan and Local Coastal Program and implementing ordinances.

This finding can be made, in that the proposed short-term vacation rental is in substantial conformance with the requirements of the County Design Review Ordinance because no exterior changes to the existing residence are proposed as part of this application.

- (b) Design. The proposed development is in substantial conformance with applicable principles in the adopted Countywide Design Guidelines, except as prohibited by site constraints, and any other applicable requirements of SCCC 13.11 (Site Development and Design Review). If located in the Coastal Zone, the site plan and building design are also in substantial conformance with the policies of the Local Coastal Program and coastal regulations of SCCC 13.20.

This finding can be made, in that the proposed short-term vacation rental is in substantial conformance with the requirements of the County Design Review Ordinance because no exterior changes to the existing residence are proposed as part of this application.

Vacation rental permits are non-transferable and become void when a property transfer triggers reassessment.
- P. A violation of any of the requirements to obtain a vacation rental permit may be grounds for denial of a new vacation rental permit application. Further, violations of vacation rental regulations, or of any other provision of the Santa Cruz County Code, may be grounds for denial of a renewal application or revocation of an existing vacation rental permit after consideration at a public hearing by the Zoning Administrator (or by the Planning Commission upon referral).
- Q. COUNTY's passive negligence, but excepting such loss or damage which is caused by the sole active negligence or willful misconduct of the COUNTY. Should the COUNTY in its sole discretion find the applicant's/owner's legal counsel unacceptable, then the applicant/owner shall reimburse the COUNTY its costs of defense, including without limitation reasonable attorney's fees, expert fees, and all other costs and fees of litigation. The applicant/owner shall promptly pay any final judgment rendered against the COUNTY (and its officers, employees, and agents) covered by this indemnity obligation. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this development approval.

- A. The COUNTY shall promptly notify the applicant/owner of any claim, action, or proceeding against which the COUNTY seeks to be defended, indemnified, or held harmless. The COUNTY shall cooperate fully in such defense.
- B. Nothing contained herein shall prohibit the COUNTY from participating in the defense of any claim, action, or proceeding if both of the following occur:
  - 1. COUNTY bears its own attorney's fees and costs; and
  - 2. COUNTY defends the action in good faith.
- C. Settlement. The applicant/owner shall not be required to pay or perform any settlement unless such applicant/owner has approved the settlement. When representing the COUNTY, the applicant/owner shall not enter into any stipulation or settlement modifying or affecting the interpretation or validity of any of the terms or conditions of the development approval without the prior written consent of the COUNTY.
- D. Successors Bound. The "applicant/owner" shall include the applicant and/or the owner and the successor(s) in interest, transferee(s), and assign(s) of the applicant and/or the owner.
