

Building a Stronger Soquel and Live Oak

Public Safety

IDEAS FOR NEW PROJECTS

1. Explore options to **RELOCATE THE COUNTY'S SHERIFF'S DEPARTMENT INTO THE LIVE OAK AREA** to improve community policing opportunities and service coverage. Consider the opportunity to incorporate a community meeting room or other community facility, as appropriate.
2. **INCREASE PRESENCE OF SHERIFF'S DEPARTMENT IN SOQUEL** by providing desk space for a Sheriff Deputy at the Farm Park Community Center and/or space within a relocated Soquel Village Fire Station.
3. Consider other opportunities for improving safety such as **ABATEMENT OF DILAPIDATED BUILDINGS**, other building code enforcement, and/or clean up of neglected properties.
4. Support Central Fire District's efforts to **EXPAND AND RELOCATE THE SOQUEL VILLAGE FIRE STATION** to a location outside the Soquel Creek Floodway.
5. Support efforts by other agencies to **LOCATE A MEDICAL CLINIC** or other health related facilities in the Soquel and Live Oak area.
